Greatest American tall tales and legends

Throughout American history, people have written and told humorous stories of larger-than-life fictional and legendary heroes from across the country. Featuring exaggerated characters, embellished details, unique problems and challenges, and often outlandish solutions, tall tales and legends are constantly evolving as they are passed on from generation to generation. This series is animated and cleverly captures the humor and relevance of the folklore tradition. A lively storyteller places each tale in its historical and geographic context, and regales viewers with colorful "firsthand" accounts.
